Ref: Americana Line: Low Sulfur Surcharge and General Rate Increase Notice

Dear Customers,

BBC Chartering announces a Low Sulfur Surcharge and General Rate Increase due to the significant increase in bunker prices and the sustained rise in operational costs. Therefore, we will be implementing an adjustment to the below-stated surcharges effective April 11, 2022. The surcharges will apply to all southbound shipments for the Americana Line Service between the United States and East Coast South America, effective for Brazil, Argentina, including Trinidad and Guyana.

Low Sulfur Surcharge

Break-bulk / Project Cargo: USD 95.00 W/M (1,000kg/1cbm) for Brazil and Argentina

Break-bulk / Project Cargo: USD 75.00 W/M (1,000kg/1cbm) for Trinidad and Guyana

Note: the above replaces the current Low Sulfur Surcharges

GRI

Break-bulk / Project Cargo: Additional USD 10.00 W/M (1,000kg/1cbm)

Thank you for your continued support and valued business.
